

Venues, Installers & End Users

Event guide

This year's show is host to a number of leading exhibitors offering lighting, audio, AV and staging products and permanent solutions for Venues, Installers & End Users from universities and theme parks to even cruise liners. Installation companies providing permanent lighting, sound, LED, stage, AV, truss and rigging solutions can experience the latest innovations at the show, directly from international manufacturers. This is your chance to meet, experience and source these products.

Projects & Application Solutions

A few of the projects and applications scenarios from some of our exhibitors

- Sheikh Zayed Grand Mosque | Venuetech
- Project scenarios from Bars and Restaurant's
University Lecture Hall's | Monacor International
- MSC Meraviglia Cruise Ship | ArkaosPro
